Children's Transportation Company

Fast growing transportation company providing service for students to and from school and programs. Diversified client base (including private schools, school boards, individual families) in York Region, as well as throughout the Toronto GTA. Currently a home-based business with growing brand name recognition and a modern fleet, in a recession-proof industry, the company has a great potential for further growth. Founders are looking to bring in an investor to facilitate expansion, however, will consider an outright acquisition.
