## Dream Boat Captain Wanted

Always loved the water and going fishing? Always wanted to own a boat, be able to get out in open waters, take a break from home and office duties? One of the best-run seasonal fishing charter boat companies in the Toronto GTA is for sale! By buying into this business, you have the opportunity to do what you love all summer long while you get paid for it. The business is selling as a turn-key operation and owner is willing to provide training to the New Captain of the boat. Client list of over 2,000 prospective clients, and all the necessary equipment included to make already your first season a great success! To be able to profit from this great opportunity, you have to be able to commit full-time during the summer months to running it – the reason current owner is selling is his inability to get the complete potential of the business due to his increased commitments during the rest of the year. Current performance of the company only reflects 50% capacity utilization due to the lack of time of the current owner.
